What is Dot's Micro-Publishing House?

Dot's Micro-Publishing House was established in 2016 with the intent of helping authors navigate their way in the publishing world to make their dreams come true. In 2018, Dot's House underwent a restructuring centering their dealings on authors and publications that recognize Jesus Christ as Savior. In 2019, we purchased the rights to the True Vine Curriculum with the intent of modernizing and continuing the Scripture Based teaching materials.

Why True Vine Curriculum?

Dot's House was introduced to TVC through our pastor's wife who was teaching a catechism class to our children using one of the TVC units. We loved the strong emphasis on memorization, application, and scripture instead of just watered down Bible stories. When the previous owners announced their desire to pass it on, Dot's House prayerfully considered accepting the challenge of bringing this solid scriptural material into the digital age.

It is our desire to keep the integrity and strength of the True Vine Curriculum while providing high-quality printing and ease of purchase. We hope you can see the difference and enjoy the upgrades.
